ABOUT US...

GILLMANN...

Founded in 2007, Gillmann began to market sewing thread nationally. A few years later, Gillmann took a step forward in the textile industry and ventured into dyeing sewing thread. Thus, the company becomes one of the national leaders in the field.

We can dye our 72 items in more than 8700 colors with exceptional delivery times.

Over the years, the company has experienced remarkable growth, reflected in its international reach. It is one of the leading sewing thread companies in Africa. We are currently exporting to more than 12 countries in the world.

As a result, our strategic location places us as the closest supplier of sewing thread, with a big variety of colors, to you.

We are your solution!

The image features two spools of BRILLANT continuous polyester fiber. The spool in the foreground is large and has a white plastic core. The spool behind it is smaller and has a red plastic core. Both spools are wound with a shiny, copper-colored thread. They are resting on a blue denim fabric, which has visible stitching and metal buttons. A green and black graphic overlay is positioned in the upper left, containing the word 'BRILLANT' in white capital letters.
